regulation made simple

media regulatory intelligence europe

Understand, track and monitor the changing face of media regulation with Cullen International.

The rise of OTT subscription services and global platforms is creating a host of new challenges for policy makers, regulators and the communications, content and creative industries around the world.

Cullen International's Media service helps you to understand and keep track of multiple regulatory responses that are developing at EU level and in a selected number of member states.

It also includes the regulatory treatment of traditional players such as free to air and pay TV broadcasters and the public service media and the transmission aspects of these services over cable, IP TV, satellite and terrestrial networks.
